

To all Greely Residents

**RE: Greely Village Recreational/Charitable Foundation Inc.**

We are establishing a charitable trust and non-profit corporation for the purpose of funding and operating recreational facilities in and for the benefit of the residents of the Village of Greely. As a developer, we have set aside land zoned “open space” in the new Greely Village Centre for this purpose. Once the funding is in place and an ability to manage the facility is established, we are prepared to turn over the land to the non-profit corporation upon a cost recovery only basis. The charitable trust (non-profit corporation) will be managed by a group of trustees representing the various neighbourhoods and communities in the Village of Greely and will be an autonomous board making decisions in the best interests of the village in accordance with its autonomous objectives and not guided or controlled by any other corporation or organization.

Trustees are being sought to serve for 2 year terms.

Potential candidates are asked to forward their name, address and brief 1 page curriculum vitae to Greely Village Recreational/Charitable Foundation Inc. via email address: [gvrffi@rogers.com](mailto:gvrffi@rogers.com).

Sincerely,

Daniel J. Anderson, on behalf of  
Greely Village Recreational/Charitable Foundation Inc.
